HISTROY

We started our business in 1984 as a local supplier of raw forging of Surgical Instruments in Sialkot city. In period of six years our company worked with diligently, honestly & keeping in view to promote the business in his professional field of working and ultimately succeeded to create of good will in the domestic market. With the passage of time wemake remarkable development in his practiced field by using the modern techniques & hi tech machines and skilled man power.

Company continued to progress and due to further increase in demand of its products Award Inds. started its business to international Market with quality Surgical, Dental Instruments and Scissors of all sorts to meet the demand healthcare field.
We stepped in the international market in 1994 by starting direct exports to European Community, Central & South America. Award Industries with a number of highly skilled professional specialists. Our unit is equipped with trained employees and latest machinery to meet the global challenges and ever increasing demand of medical field around the globe.

That's why today we have a large number of customers all over the world & the international communities knows us as quality producer and bonafide manufacturers of medical supplies including immense range of surgical, dental instruments and scissors of all sort. Company has also started dealing with other product descriptions like beauty care and Ophthalmic Instruments. To make our products latest for meeting the international standards, we are always in exploration of new techniques & technology that can be useable for the betterment of humanity and now which has become a tradition of Award Inds. which share all about surgical world.

AWARD INDUSTRIES WWW.AWARDIND.COM

Keeping in view a fact that if we want to keep our self running on the highway of success, it is our company policy to serve our all customers more than their expectation and to satisfy with sincerity and loyalty. Moreover, we believe on "good services bring satisfied customers always".
Award Industries has substantiated itself as the largest and most respected manufacturer/exporter of hand-held, non-powered surgical instruments in Pakistan and also have attained ISO-9001:2000, ISO-13485:2003, CE MARK, CGMP FDA (U.S.A) which means top quality, better sales terms, competitive prices, friendly environment with customer, inventions & innovations, efficiency & effectiveness, reliability and courteous services offering at the same point. In today's demanding and evolving healthcare environment, investing in Award Inds. is a smart move to maintain standards of quality, control cost and add value to patient care.

Mission the long term goal of Award Industries is to make people healthy in the every part of the world and be a sign of medical help around the globe by providing a platform where the people comes closer to their lover ones. We will fulfill the demands of distributors and consumers through the innovative manufacturing, re-packaging, importing and exporting of price-efficient life saving instruments that make easy to operate for surgeons and saving the people's lives. And finally we will achieve and sustain our goals by maintaining a high quality control environment, cost effective prices and fabulous services to our cherished clients by maintaining a high quality control environment, cost effective prices and fabulous services to our cherished clients.
